

Tennant F8

A high speed single disc machine for professional cleaning, polishing and hardening of floors. The F8 removes rapidly all types of soiling and scuff marks from a variety of floor, leaving a polished floor that attracts less dirt and is easier to clean.

Using brushes or pads, the Tennant F8 is ideal for:

- Producing a high gloss floor finish
- Hardening coatings and polished films
- Spray cleaning coated floors

Features

- Ergonomically designed and comfortable to use handle
- Low profile of housing with off-centre motor
- Safety lock & double safety switch
- Quick exchange of power cable, motor and transmission
- Folding handle
- Large transport wheels
- Thermic overload switch
- Lightweight (optional additional weight)

Benefits

- Increases ease of operation
- Optimal balance and easy access under desks & radiators
- Increases safety, prevents starting in upright position & protects against accidental starts in any position
- Easy to service
- Facilitates transport and storage
- Easy to transport over thresholds and stairs
- Prevents for overheating and motor damage
- Easy to control and transport
